JOE JACK RED - at age 3

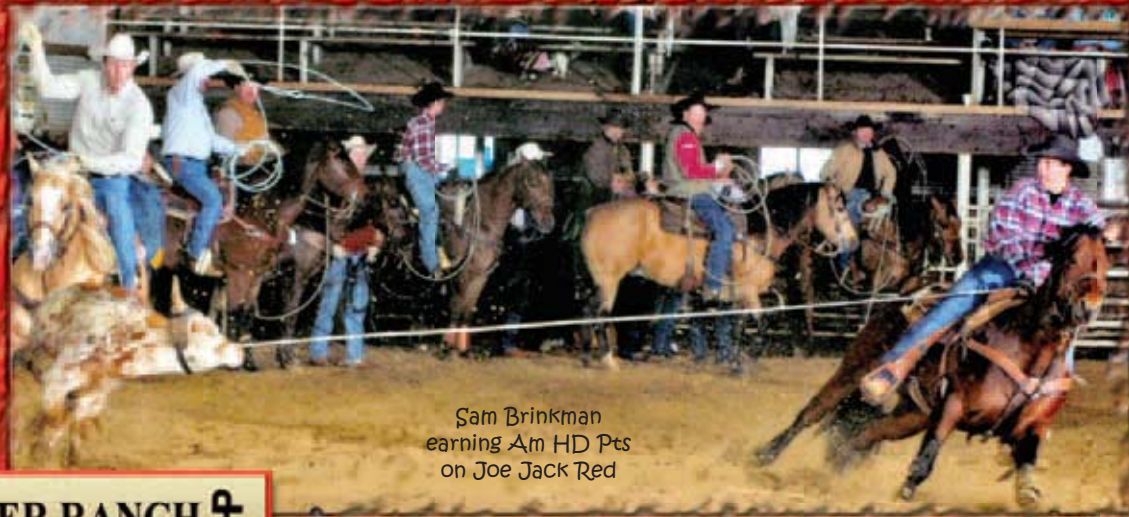

Even though JJR was a smart, quick footed, talented and gitty show horse, he spent most of his time on the road putting up with the pressure of making many runs as Jim's help horse. The colt crops offered for sale have sold for averages at the top of our sire list. They are characterized by that cute Joe Jack head, quick foot speed, and a head full of brains. They are confident horses that own the ground they walk on. His daughters are making a mark in our herd. They are a lot like the old Watch Joe Jack mares and are highly maternal. Those that we have competed on seem to have a lot cow, talent, and the ability to be competitive at the upper level.
